

PROJECT DESCRIPTION:

6. Type: New Project Amendment to Earlier Permit
7. General Description of Project: (provide an overview of the project, including anticipated use(s), type(s) of buildings, road construction, waste water disposal systems, electric line upgrades, etc.) *Removal of the former small hydro dam located off State Route 113 north of Mill St. at 43°54'48.14" N, 72°15'43.78" W (House address is 195 Mill St.)*
8. Construction Duration: 2-3 weeks

LAND:

9. Total acres owned or controlled by the applicant and landowner at this site: 197
10. Deeds - Grantee Name as Recorded: Julia Beer Parcel 10125
Tax Map # 006-100-000-000-00
11. Book 50 Page(s) 509-510 Date 6/23/10

MATERIALS REQUIRED FROM THE APPLICANT:

12. In accordance with Section 8.1 of the West Fairlee Flood Hazard Area Zoning Ordinance, a permit application is not complete until the applicant provides two copies of plans drawn to scale that show the following:
- a. base flood elevation data for all subdivisions and other proposed new developments;
 - b. the elevation, in relation to mean sea level, of the lowest habitable floor, including basement, of all new construction or substantial improvement of structures;
 - c. where flood-proofing is used in lieu of elevation, the elevation (in regulation to mean sea level) to which any structure or substantial improvement has been flood-proofed;
 - d. certification from a registered professional engineer or architect that the flood-proofed structure meets the flood-proofing criteria of subsection _____ of said regulations;
 - e. a description of the extent to which any watercourse will be altered or relocated as a result of the proposed development.

DOCUMENTING COMPLIANCE WITH DEVELOPMENT STANDARDS:

(In accordance with Section 9.0 of West Fairlee Flood Hazard Area Zoning Ordinance):

13. Floodway Areas: For developments proposed in floodway areas, in accordance with Section 9.1(A) of the West Fairlee Flood Hazard Area Zoning Ordinance, a permit application is not complete until the applicant provides the following:
 - a. certification from a registered professional engineer that the proposed development will not result in any increase in flood levels during the occurrence of the base flood.
 - b. certification from a registered professional engineer that development proposed in the A1-30 or AE zones (on the town's FIRM maps) will not increase the water surface elevation of the base flood more than one foot at any point within the town.

14. Fringe Areas: For developments proposed in fringe areas, a permit application is not complete until the applicant provides two copies of plans drawn to scale (with certification from a registered professional engineer) that show that the development standards in Subsection 9.1(B) of the West Fairlee Flood Hazard Area Zoning Ordinance have been met.

OTHER INFORMATION:

Attach the following, unless waived by the Town.

15. Location map (Town parcel map or U.S. Geological Survey Map.)
16. Names and Addresses of Adjoining property owners, even those across a street or river.
17. Any additional or supporting documents that may be requested to support additional conditions (Section 9.2), variances (section 10), or others.
18. Application fee \$20.00 (payable to the Town of West Fairlee).

SIGNATURES:

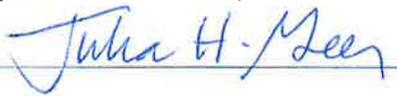

1. I hereby certify that the information provided above or attached to this application is true and accurate to the best of my knowledge.

Signature of applicant(s)  Date: 5/30/17

2. I hereby certify that I shall not commence construction on, or development of, the land listed in numbers 10 and 11 of this permit, until such time as I have received a Flood Hazard Area Permit pursuant to the West Fairlee Flood Hazard Area Zoning Ordinance.

Signature of applicant (S)  Date 5/30/17

3. I hereby authorize the processing of this application for the above project on land(s) that I own, control, or have significant interest in. (attach letter, if easier).

Signature of landowner  Date 30 May 2017
